

AMADOR COUNTY GENERAL PLAN UPDATE

NOTICE OF CANCELLATION OF PUBLIC MEETING

In light of expressed concerns and requests for more time to adequately review the preliminary draft General Plan Update documents released earlier this month, it has been decided to cancel the Joint Meeting of the Amador County Planning Commission and Board of Supervisors scheduled for Monday, April 4, 2011. Another meeting will be scheduled and notice will be given once a new date has been set. Possible alternate dates being considered are the end of May to the middle of June.

We apologize for any inconvenience this change in schedule may cause but our overriding desire is to provide all parties with enough time to adequately review the documents.

If you have any questions, please contact the Amador County Planning Department at 209-223-6380.
